VISION 2006

As we enter the New Year a question generally asked is "What's your vision for 2006?" Having just returned from Thailand and working day to day to make everything ready for the children, training staff and speaking at different locations my mind was jogged when I heard that question.

It caused me to envision what I believe and want to see in place at this time next year! As Gwen and I look over our shoulder and examine the projects, lives and locations we have reached from this past year we see so much good fruit that you, together with **Serving Our World**, were able to achieve.

While I was in Asia I was contacted by email from a friend of ours who was giving a sizable donation on behalf of her children and family. Just a short time after I received a second email which expressed the major miracles her family experienced following her giving to **Serving Our World**. She accredited her blessing to her obedience to give.

If you have a desire to make an impact on just one life, one family or a whole community in this next year **Serving Our World** is able to connect you with those who are waiting for you! Make a life changing difference for boys and girls in 2006!

"Give to us clear vision that we may know where to stand and what to stand for—because unless we stand for something, we shall fall for anything."

~Peter Marshall

Server Opportunities

Join with us in providing what it takes so that there can be a change and one life can experience something new because you are there. Here are a few opportunities that we are believing for in January.

- Monthly operational costs of the *Good Life Home*. Phase one \$950. Provides meals, hygiene supplies, uniforms, staffing 24/7 and outreaches to surrounding villages.
- *Good Life Home* is in need of a playground to be built for the children. Estimated cost is \$4,500.
- Grounds around the *Good Life Home* need landscaping with athletic fields for the children. Estimated cost is \$3,000. Sponsor a part!
- Perimeter to be enclosed around the *Good Life Home*. Estimated cost is \$5,500. Help surround them every day!
- East Timor village is looking to grow and provide materials and meals for more children. Help provide the needed teachers and food to make this possible.

Take a look at what YOU are doing through Serving Our World

GOOD LIFE HOME & CENTER

For 2006 we see the *Good Life Home & Center* filled with children who are being cared for, loved and focused on a new future. We see micro-business and an educational building in place and in full use. We see the whole village able to benefit from the love that is being shown and a community that comes to know the giver of all good things.

In the Tsunami South, we learned that no provision is in place or any long-term care available for the many needy children that are abandoned or parent less. Those from the Tsunami or other circumstances are displaced from friends and the familiar surroundings they grew up in. **Serving Our World** believes we can make a difference by providing another *Good Life Home & Center* to meet this urgent need.

east timor

We see our projects in East Timor growing and providing more of the much needed assistance to those in remote areas. Giving opportunities to the many hurting families who need to hear the good news and have nutritious meals with more educational opportunities provided.

Serving Our World's village Director, Pastor Delfin reports from the village in East Timor. "The village is so happy to have **Serving Our World** there and working in the mountains with the children. The project is such a blessing with the meals and education programs each week. They are only asking for more as they would like to be able to help more children. Thank you for your heart to help the poor children in this impoverished country."

We are visiting East Timor and the mountain village on our next trip to Asia and are hoping to multiply the project to this and other areas. You can be there too! If you want to be a part of a very remote work, you can, by planting a seed and going with us!

We desire to see individuals, church groups and business owners taking ownership in the lives of the poor and needy. All of us serving together, when committed and involved, can connect to those most in need and help that one reach his or her destiny.

Message from the founder

It is going to be an unbelievable year! We have seen so many in need given new hope with expectation and believing like you that this year, "Anything is Possible!" That happens when you connect with the Poor and Needy!

It is so exciting to serve and be an extension from your family and business to those looking for hope and answers that will give the encouragement they need. Thank you for having Vision and serving those waiting!
